Becoming a UL Solutions sign shop has never been easier. You can navigate from the application process to applying the UL Mark to their compliant signs in as little as a few days.

1. Contact UL Solutions

Get started with a simple online form through our fast and easy general coverage online portal at UL.com/signs.

2. Upon acceptance of the quote

Our quote and access to UL 48 and the UL 48 FUll will be sent.

3. myUL™ client portal

Access to see the latest information and documents about your projects and services.

4. We'll help you

Arrange your Manufacturer's Technical Representative (MTR) training, orientation and Initial Product Inspection (IPI).

5. Achieve sign certification

Start your initial production. Your company will also now appear in UL Product iQ™ as a UL Solutions sign shop and don't worry, we'll remind you when it's time to re-order labels.

Follow-Up Services process

In order to verify ongoing compliance with the UL Solutions requirements, a UL Solutions field engineer will periodically visit your manufacturing location(s). Our field engineers will look at your entire process to ascertain that signs continue to meet UL Solutions requirements.

Why choose UL Solutions

- UL Solutions ensures our Marks represent the highest integrity
- UL Solutions offers energy efficiency certifications to comply with local jurisdictions
- UL Solutions will provide you with access to the most current UL Standards
- The UL Product iQ database allows anyone looking for a UL Solutions sign manufacturer to easily locate your establishment
